Location: Panapakkam, India

EDUCATION

Master of Computer Applications (MCA) | (2022 - 2024)

Hindustan College of Arts and Science

CGPA: 7.2

Bachelor of Computer Applications (BCA) | (2019 - 2022)

Sri Sankara Arts and Science College

CGPA: 7.3

SOFT SKILLS

- Problem-Solving
- Teamwork
- Time Management
- Leadership
- Communication
- Critical Thinking

LANGUAGES

- English
- Tamil

CERTIFICATIONS

- **Certificate in Dotnet Full Stack Development** from Accord Info Matrix

HOBBIES

- Learning new programming languages
- Gaming

PROFILE

.NET Developer with 1 year of hands-on experience in building scalable Web APIs using **ASP.NET Core**, **C#**, and **SQL Server**. Skilled in developing RESTful services, implementing JWT authentication, and working with Entity Framework Core using repository-service architecture.

Experience in designing secure, modular backend systems and building reporting modules with optimized SQL queries. Passionate about clean code, performance optimization, and backend development.

SKILLS

- **C#**
 - Strong knowledge of **Object-Oriented Programming (OOP)** concepts for efficient software design.
 - Experienced in **file handling**, **exception management**, and numerical computations using C#.
 - Knowledge in **.NET Framework** and **.NET Core** for building web and desktop applications.
 - Knowledge of **ASP.NET MVC** for developing dynamic and data-driven web applications.
- **SQL**
 - Proficient in **SQL** for **querying**, **managing** and **manipulating relational databases**.
 - Knowledge of **CRUD** operations (**Create**, **Read**, **Update**, **Delete**) to manage database records efficiently.
- **Version Control & Tools**
 - Hands-on experience with **Git** and **GitHub** for version control and collaboration.
 - Knowledge of **PostgreSQL** for relational database management and SQL querying.
 - Familiarity with **Microsoft Azure** cloud services and deployment concepts.

PROJECTS

Student Management System Using ASP.NET MVC (April 2026)

- Developed a web-based Students Management System using **ASP.NET MVC** and **SQL Server**.
- Implemented **CRUD** operations (Create, Read, Update, Delete) for managing students records.
- Used **Entity Framework** for database connectivity and data manipulation.
- Applied **MVC** architecture principles to separate business logic, data access, and presentation layers.
- Implemented form **validation** and **error handling** to ensure data accuracy and reliability.
- Designed responsive user interfaces using **HTML**, **CSS**, **Bootstrap**, and **Razor Views**.

CRUD Operations Using ASP.NET and C# (Jan 2025)

- Developed full **CRUD** modules using **ASP.NET Core MVC** and **SQL Server**.
- Implemented **Entity Framework Core** with repository-service architecture.
- Built **REST APIs** and validated using **Swagger** and **Postman**.

WORK EXPERIENCE

Junior .NET Developer – Nexova Global Technology

ASP.NET Core Web API | Restaurant Application Duration: (1st April 2025 - Present)

Key Responsibilities:

- Developed scalable and secure **RESTful Web APIs** using **ASP.NET Core** for modules like User Management, Reminder, and User Session.
- Implemented **CRUD operations** with **Entity Framework Core** using LINQ, database-first approach (EF Core scaffolding), and repository/service patterns.
- Designed and mapped **DTOs** using **AutoMapper** for clean separation of domain models and API contracts.
- Applied **FluentValidation** for server-side validation and implemented custom middleware for global exception handling.
- Developed and executed **unit tests** for controller and service layers to ensure reliability.
- Documented and tested APIs using **Swagger** and **Postman** for end-to-end validation.
- Built optimized **SQL queries, stored procedures, and LINQ queries** to extract analytical data efficiently.
- Implemented **reporting endpoints in ASP.NET Core Web API**, delivering clean, structured JSON responses for dashboards.
- Generated **aggregated reports** by performing operations like SUM, COUNT, AVG, and multi-table joins.
- Developed **comprehensive reporting modules** including Daily Sales Reports, Monthly Reports, Top Selling Items, and Customer Insights.
- Collaborated using **Git** and **GitHub** for version control and task management.
